Smile by Spike Milligan

Smiling is infectious,
You catch it like the flu,
When someone smiled at me today,
I started smiling too.

I walked around the corner,
And someone saw me grin,
When he smiled I realised,
I had passed it on to him.

I thought about the smile,
And then realised its worth,
A single smile like mine,
Could travel round the earth.

So if you feel a smile begin,
Don't leave it undetected,
Start an epidemic,
And get the world infected.
